

Your home.

A woman with curly hair, wearing a red and white striped top and dark pants, is sitting on a dark armchair in a modern living room. She is looking down at a brown and white dog sitting on the floor. The room features a marble fireplace, a potted plant, and a large window with a lamp. The scene is warmly lit, suggesting a cozy and comfortable home environment.

Your life.

If you're like most people, your home is an expression of who you are and what's most important. It is your center. Where you think and work, eat and entertain, rest, relax and recharge. It's your life. And when you love your home, life is good.

At Vaxcel, we have been joining style and technology to create residential lighting people love for more than 30 years. Here, ideas don't originate in a lab. They begin with people and how they live. Here, we create something special, something meaningful.

We create lighting for life.

LIGHTING FOR LIFE

Start here.

Just like life, choosing the right lighting for your home is a journey.

Maybe you're building from the ground up. Or maybe remodeling a room or two. Or, maybe you're discovering the surprising, room-refreshing impact of simply updating a few light fixtures.

Whatever your project, whatever your preferences, we're here to help. Take our style quiz, browse our products and start the journey to a brighter, more beautiful home.

Start here. Start today.

Let your journey begin.

Create curb appeal.

Your home's exterior is the first impression. It's a statement that tells the world who you are.

It's architecture. Color. Landscaping. And lighting.

A beautiful home is in the details, and light fixtures are a detail that makes a huge difference in expressing your style. With Vaxcel innovation, your exterior lighting can also have an impact on the safety and energy efficiency of your home.

WHAT'S YOUR OUTDOOR STYLE?

Find your home exterior style with Vaxcel's Outdoor Lighting Quiz at www.vaxcel.com!

DUALUX® DUAL-LEVEL TECHNOLOGY

Vaxcel's advanced Dualux® outdoor lighting's sensors automatically turn on to illuminate your home with bright light at dusk. At night, our patented technology dims to provide ambient light until dawn. Integrated motion detection triggers bright illumination to help keep you and your guests safe and worry-free. With automatic on/off and dimming, Dualux can also save on your electric bill.

Light up
your life.

WHAT'S YOUR INDOOR STYLE?
Find your interior style with Vaxcel's Indoor Lighting Quiz at www.vaxcel.com!

Your home's interior is where love comes to life.

Here, life's richness is experienced in its many activities—talking, laughing, relaxing, working, cooking, dining, entertaining, sleeping—doing the things you love with the people you love.

This is where Vaxcel's wide selection and you-focused innovation deliver much more than lighting with style. We design our fixtures to make your life easier, safer and better.

INSTALUX® MOTION-SENSOR TECHNOLOGY

If you're set to read a book or watch a movie, no need to get up to find the light switch. Or, if you're cooking, no need to put down the hot dish. With a simple wave of your hand, you can easily switch or dim your Instalux® lights.

NATURALUX™ DIM-TO-WARM TECHNOLOGY

Vaxcel's Naturalux™ lighting integrates advanced dim-to-warm technology that enables you to adjust both color temperature and brightness, creating natural lighting to set the perfect mood, whether for work or a quiet night by the fire.

What's your style?
